

ADVISORY:

It has come to our attention that unauthorized individuals are fraudulently using the name SCHILLINGS FINANCE CORPORATION to offer so-called “quick cash loans” through online messaging platforms such as Telegram and similar applications.

These impostors send private messages, force recipients to join fake groups, and initiate conversations that appear legitimate. They often share suspicious links and demand deposits or payments as part of a supposed loan process – falsely promising to transfer funds to your account.

PLEASE BE ADVISED:

- DO NOT CLICK on any suspicious links
- DO NOT SEND any payment or share and financial information
- WE DO NOT conduct transactions through Telegram or other chat apps
- WE DO NOT ask your online banking access nor ask your PIN's and OTP's
- WE NEVER ask clients to send money to “process” a loan

SCHILLINGS FINANCE CORPORATION has proudly served the financial industry with integrity and professionalism. We value the trust and safety of our clients above all else.
